

Author's Forum -- Meet Lin Wilder

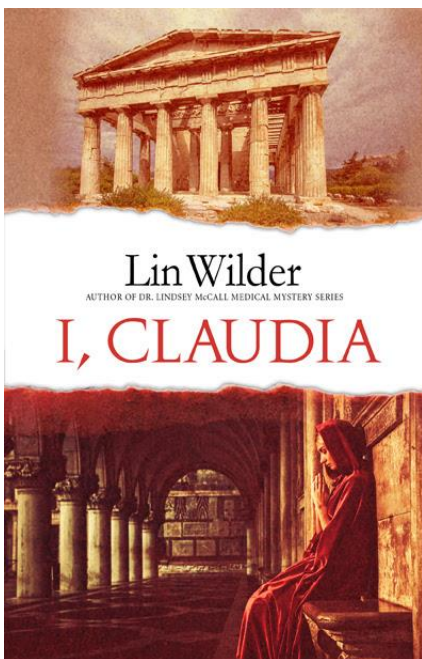

Friday, Nov. 2, 2018

3:00 to 4:30 p.m. Smith Valley Library, Meeting room

22 Day Lane, Smith NV Free admission

Lin Wilder, Smith Valley resident, will discuss her recent novels. “Malthus Revisited” is the fourth in her award-winning mystery series featuring Dr. Lindsey McCall. This one combines innovative medical research, political intrigue, and a terrifying threat involving a biological time bomb. The action spans the globe and moves toward a hair-raising climax in the remote province of Qinghai, China.

“I Claudia” is historical fiction –a novel about the life of Claudia Procula, the wife of Pontius Pilate. This is a new direction for Lin Wilder. Come and discover what about Claudia’s story compelled Lin to tell it, and what happened when “I Claudia” ‘appeared in her head’ exactly like Lindsey McCall did over ten years ago.
